ON A SUMMER DAY

My brother Tony and I like summer. We can play outside. We like to ride our bikes in the neighborhood. Tony has a little bike because he is only four years old. I have a big bike, and I am six years old. We go swimming in the afternoon with our friends. That is fun to do. The thing we like best is to eat watermelon in the back yard. Watermelon is sweet and cold.

ANSWER THE QUESTIONS:

1. What season is this story about?

2. What do the children do in the afternoon?

3. What do the children like to do best?

4. Why do the children like to eat watermelon?
